Continuation of 3.C:

As noted in the Office action and on the Form-948, Notice of Draftsperson's Patent Drawing Review (3/17/05), attached to the Office action mailed 23 March 2005, corrected drawings were required in response to the Office action. Applicant has not provided annotated, replacement, or new drawing sheets that overcome the Draftsperson's objections to the character of lines, numbers, and letters under 37 CFR 1.84(l), and the objection to the numbers, letters, and reference characters under 37 CFR 1.84(p).

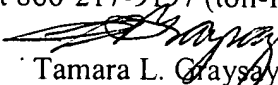

Under current patent practice, new corrected drawings in compliance with 37 CFR 1.121(d) are required in this application as noted above.

Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required. The requirement for corrected drawings will not be held in abeyance.
